San Francisco Bay Area, CA | 510-789-8257 | ewong0116@gmail.com | [linkedin.com/in/ethanawong](https://www.linkedin.com/in/ethanawong)

Product builder who ships end-to-end and builds with AI natively — 3 years turning ambiguous problems into launched products, from student-facing resources to agentic tooling adopted across large orgs.

EXPERIENCE

Zillow Group

Remote

Software Development Engineer (P3), Growth Platform & AI Search

November 2024 - Present

- Built and shipped **AI agent tooling adopted org-wide**: an SEO consulting agent used by PMs, analysts, and engineers, and a multi-agent ops-reporting product used by directors
- **Pitched and built an agentic onboarding workflow** collapsing ~1 developer-week of manual setup into an automated LLM pipeline, recruiting marketing and senior engineering to build it with me
- Launched a **no-code experimentation platform** resulting in **95% faster A/B test launches**, letting PMs run experiments on page content and metadata without engineering

Software Development Engineer (P2), Shopping & Growth

August 2023 – November 2024

- Built production-grade **commute-time filter** used by millions of buyers, **balancing** search accuracy against performance across polygon precision, compute limits, and early user data
- **Identified & closed Zillow-wide validation gap** enabling non-compliant feature launches — framed risks, aligned Data Sci and PM partners, authored PRD, negotiated delivery with platform's principal eng.

AntAlmanac – student course catalog and degree planner

Irvine, CA

Product Manager

September 2022 – June 2023

- Owned course catalog and degree planner, scaling to **4K+ students** with analytics-driven iteration
- Ran usability tests and focus groups with students, turning feedback into prioritized design changes
- Redesigned the information architecture and core user flows, lifting **user engagement by 30%**
- Set the **north-star strategy** and multi-year roadmap that has anchored **8+ major releases** since

Federal Student Aid, U.S. Department of Education

Remote

Product Manager, Intern

September 2020 – May 2021

- Redesigned **loan scam resource site**, reducing heavy cognitive load into clear, digestible guidance
- Led scam pattern research with investigators **pinpointing lending risk signals** to feed into redesign
- Built **centralized toolkit** consolidating scam-identification and loan resources, scoping data features for a scam-detection ML model

SKILLS

Product: User research, usability testing, A/B testing & experiment design, PRDs, roadmapping, data-driven prioritization, OKRs/KPIs

AI: LLM agent architecture, agentic workflow design, Claude Code, evals, prompt design

Design & Prototyping: Figma, rapid prototyping, user flows, information architecture

Data & Technical: SQL, Python, TypeScript, Databricks, Google Analytics, AWS, CI/CD

EDUCATION

University of California, Irvine - Irvine, CA

Bachelor of Science, Computer Science

3.99 GPA (summa cum laude)

Minor, Business

- **Relevant Coursework:** Human-Computer Interaction, Project Management, Data Analytics
- **Leadership & Awards:** Student Council Tech Lead, Outstanding Research Award, ICS Scholarship
